YOUNG ORGANISERS

Interview of a young reporter

Can you introduce yourself ?

My name is Emmanuelle Louvet, I'm 13 years old, my school is Collège Jules Verne in Déville-lès-Rouen.

Why are you a young reporter ?

My PE teacher had proposed us to participate in the French Championship last year and he proposed us again this year to participate in the World Championship this time.

What in particular do you enjoy in your mission ?

I enjoy taking photos.

Do you actually play handball ?

Yes, I have been practising handball for three years. I am in the under fifteen female excellence category. My position on the court is left-wing and pivot (line player).

Do you plan to become a journalist in the future ?

Not particularly. I wish I could become a physiotherapist.

How do you feel about participating in this

Handball World Schools Championship ?

I'm so proud ! It is such a big event !

Emmanuelle and Samuel

FEMALE/MALE STEREOTYPES

Apparently girls don't have enough competition spirit... 🤔

Girls, will you liven up the court ?

FOCUS ON...

Three words from Gégé : « Simple, zen and exciting ! »

It is such a pleasure to work among a team entirely dedicated to a fantastic school sporting event.

May the best win !
