YOUNG ORGANISERS

INTERVIEW OF A YOUNG FIRST AIDER

“The biggest mistake a man can make is being afraid of making one.”

Elbert Hubbard

Can you introduce yourself ?

My name is Nathan Thieulin. I'm 17 and my vocational school is Lycée A. Briand in Evreux. I'm in year 12 and I do studies in safety and risks prevention. I am a trained first aider.

Why are you a young first aider ?

Because the director of the UNSS asked us if we wanted to be part of the World Championship. In my school training, we have to work with the police and the fire brigade. Because

of the Paris attacks, I had one more training period to do. So, this week is perfect for me !

What in particular do you enjoy in your mission ?

I like to help people. I also appreciate to be on the move, I need it and I can do all this in this week's mission.

Do you plan to work in public safety in the future ?

I don't know yet. I hesitate between becoming a fireman or a policeman.

How do you feel about participating in this Handball World Schools Championship?

It is exceptional and so gratifying ! I feel so important ! We are a group of 15 first aiders aged 17 to 20 and we are lucky to be here.

Nathan Thieulin, first aider

FEMALE/MALE STEREOTYPES

Apparently girls are more serious and more industrious than boys. They tend to have a better school behaviour too.

Boys, do you agree with that ?

FOCUS ON...

Three words from Poland's left-wing :
« Funny, enriching and incredible ! ».

Kacper BOGUDZINSKI

Fact or fiction?!

About yesterday's fact or fiction... Yes, a kind of handball was played by ancient Greeks and Romans.

And we found pictures of it on ancient Egyptian tombs !

The France Handball Team is the only one to hold the highest number of World Championships.
Is it 5, 6 or 7 ?

See you tomorrow for the answer...

OFF ... Fun photos of the day !
