YOUNG ORGANISERS

INTERVIEW OF A YOUNG OFFICIAL

Can you introduce yourself ?
My name is Ludivine Bourdiaux, I am 18 and my school is lycée Jules Renard in Nevers, in Burgundy. I am here as a referee.

Why are you a young official ?
Because handball is my passion. I love this sport and this way, I can see and referee high-level matches.

What in particular do you enjoy in your mission ?
I like things to go very well on court.

Do you actually play handball ?
Yes, I've been playing handball for 8 years in a regional category. My position on court is centre-back.

Do you plan to continue to referee matches in the future ?
Yes, I referee national matches for the FFHB federation. Besides, I participated as a young official in the French handball school championship for the under 18s last year.

How do you feel about participating in this Handball World Schools Championship ?
I'm so excited ! It is both a sports and cultural experience, it's wonderful to be part of it !

Ludivine interviewed by Azélie

« Giving up on a competition on the pretext that you cannot finish first is incompatible with sportsmanship. »

Girls, will you prove us the contrary ?
